## A Little About Us

The purpose of this brochure is to give customers and the public an insight into the unique products and services we provide.

Devilish Desserts has been producing cakes, desserts, and savoury products for over thirty years. During this time, our team has been honoured to prepare desserts on three occasions for Her Majesty Queen Elizabeth II and the Royal Family. We are also a nominated supplier to four major breweries.

Within this brochure you will find a selection of the products we manufacture. Our full range exceeds 300 items and, for practical reasons, cannot all be included in this document. One of the core principles behind our success is simple: if you, the customer, would like something made, we will do our utmost to make it for you.

Our extensive savoury range includes our Individual Steak & Ale Pie, which won the Supreme Champion Award at the British Pie Awards in 2010, alongside several gold and silver awards in other years.

In addition, we produce a wide selection of individual desserts and pastries suitable for weddings and special functions, as well as for coffee shops, golf clubs, and garden centres. There is something to suit every hospitality venue.

We employ 20 full- and part-time staff, and all our products are handcrafted by skilled chefs and pâtissiers. Our dedicated product development team is continually creating new ideas and recipes, with our customers providing invaluable inspiration.

We hope you enjoy browsing this product list. Should you have any questions, please feel free to contact us using the details provided.

## Some Helpful Information

All our chocolate gateau and dessert ranges are 16-portion desserts. As a general guide, they measure approximately 12 inches in diameter. We do not pre-portion our desserts; portions are defined by a cream curl, chocolate silhouette, or piece of fruit.

We use only the finest Belgian chocolate when producing our chocolate curvature and chocolate products. This is slightly more expensive, but we believe the quality makes it worthwhile.

Unless otherwise specified, our cream products are made using our own blend of long-life creams. This has a neutral taste while significantly extending shelf life. The blend is vegetable oil based, making it suitable for vegetarians, and it also holds piping definition for longer.

All products are available in fresh cream, which is reflected in the price. Please do not hesitate to request fresh cream if your clientele prefer it.

The sweet pastry used for our fruit pies is made with vegetarian margarine and vegetarian shortening. This is useful information when advising vegetarian customers, who often have a limited choice of desserts. The pastry is based on a French recipe; it is very short, handles well, and regenerates nicely when warmed.

All our products are handmade in small batches, allowing us to closely monitor quality. This also gives them the homemade appeal, which customers increasingly prefer over mechanized production.

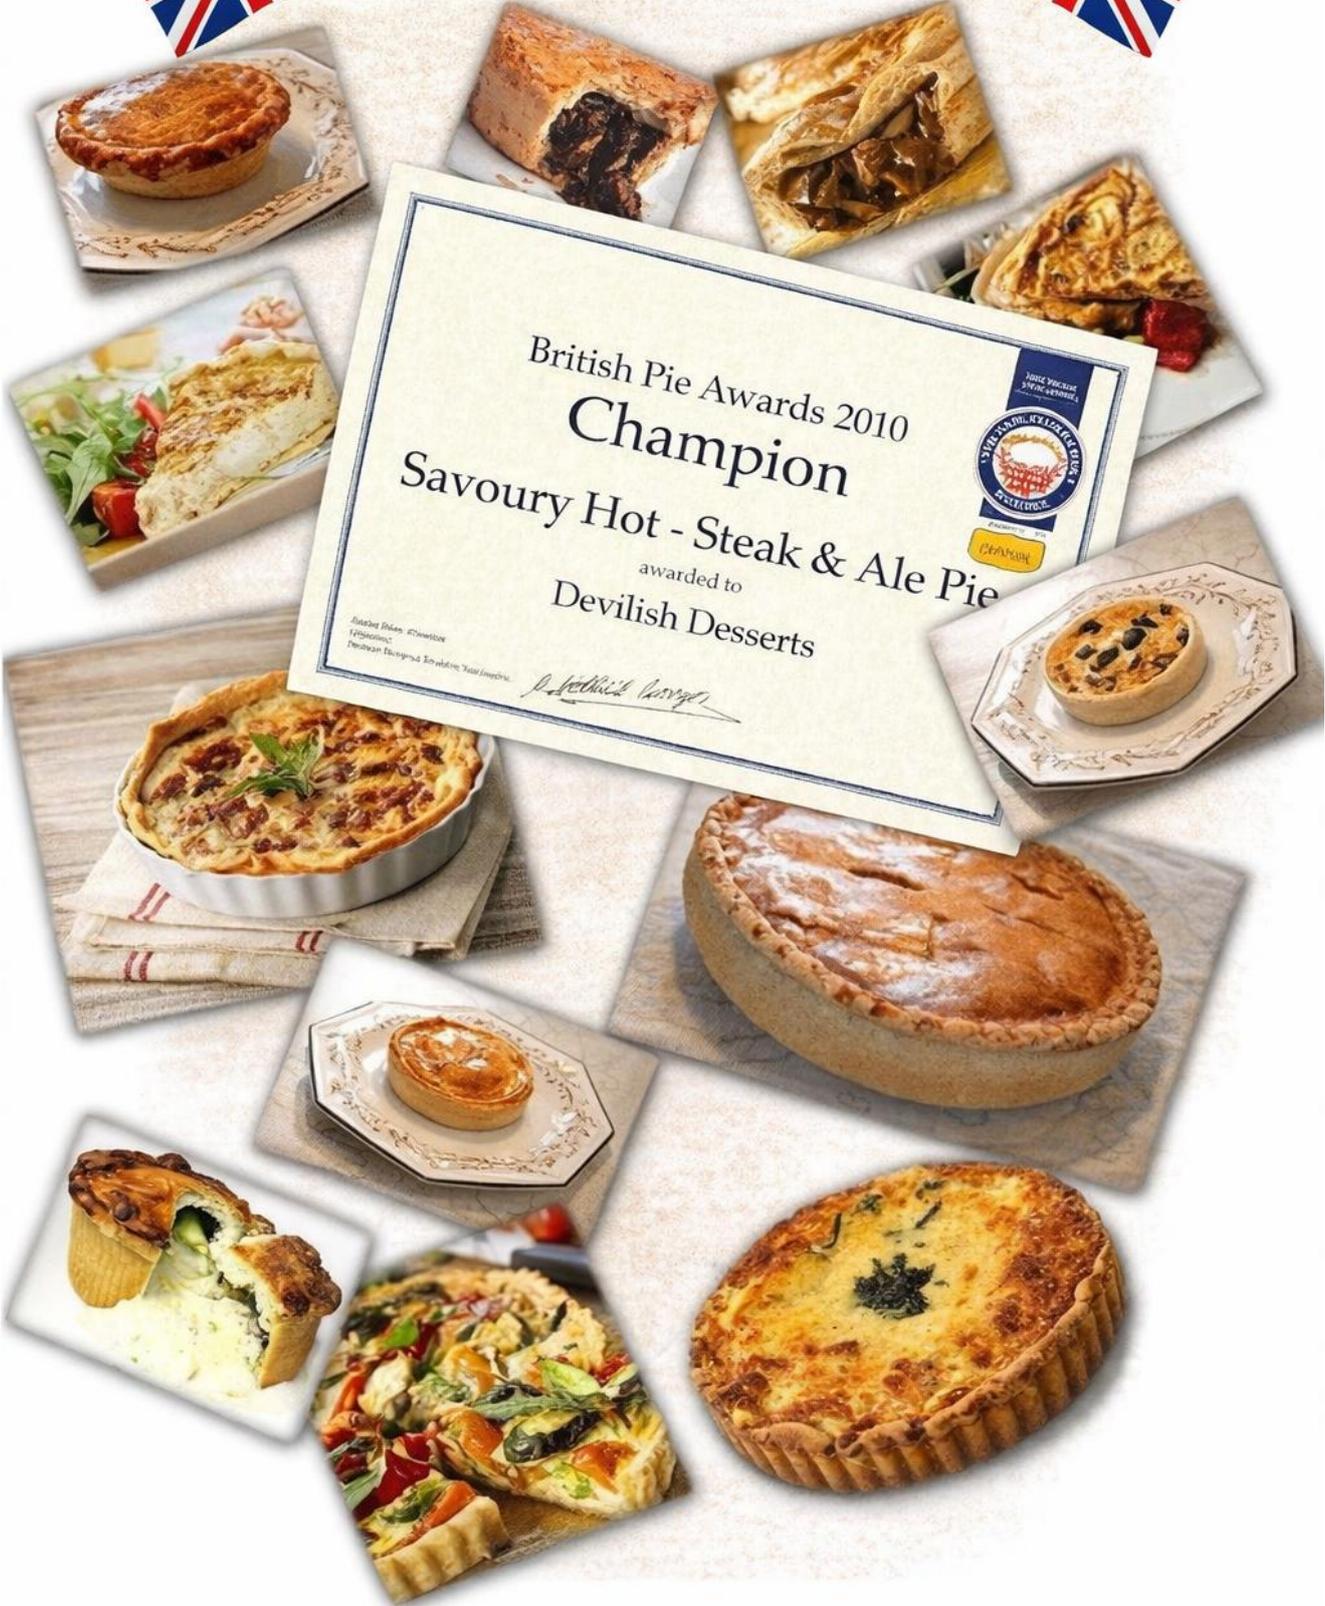

We offer an unconditional guarantee on all our products. If a product does not perform as expected, it will be replaced on your next delivery.

Our cheesecakes are made using full-fat double cream, with a wide selection of Standard Cheesecakes, Fresh Fruit Cheesecakes, and Deluxe Cheesecakes available.

Please note that products may not be finished exactly as shown in photographs. We leave the final presentation to your chef, allowing desserts to be personalized to your establishment.
